**Re: Installation of All-Way STOP Control at 29<sup>th</sup> St & Upton St NW  
NOI #19-221-VZD**

Dear Chairperson Dickinson:

Pursuant to the “Administrative Procedure Amendment Act of 2000” D.C. LAW 13-249 (48 DCR 3491 April 20, 2001), the District Department of Transportation (DDOT) is required to give a written notice of our intent to modify traffic and/or parking requirements. This letter is being forwarded to you for the purpose of notification and solicitation of comments on our intent to modify the intersection 29<sup>th</sup> St & Upton St NW.

These modifications are proposed as a result of a safety evaluation performed by DDOT at the request of residents on the 2900 block of Upton St NW. The existing intersection is one-way STOP control, where 29<sup>th</sup> St NW must stop and Upton St NW is free-flowing. The primary safety concerns at the intersection included limited sight-distance for motorists on the northbound approach of Upton St NW and conflicts between motorists and pedestrians crossing the intersection.

Thus, DDOT intends to make the following modifications in your jurisdiction:

- **Install All-Way STOP Control at the intersection of 29<sup>th</sup> Street & Upton Street NW**

All comments on this subject matter must be filed in writing by Friday, September 27, 2019 with the District Department of Transportation (DDOT), Transportation Operations Administration at 55 M Street, SE, Washington, D.C. 20003. Comments may also be submitted via the email address provided below. If you would like to check the status of this Notice of Intent (NOI), please visit DDOT’s website at: <http://ddot.dc.gov/service/ddot-notice-intent>.

If you have any questions concerning this Notice of Intent, please feel free to contact Emily Dalphy at (202) 741-5363 or at [emily.dalphy@dc.gov](mailto:emily.dalphy@dc.gov) or Donise Jackson at (202) 478-1450 or at [donise.jackson@dc.gov](mailto:donise.jackson@dc.gov).

Sincerely,
